To our friends and families,

Monday, January 8, 2018

**Slideless** is an early-stage enterprise software startup. Slideless delivers simple, powerful [Digital Pathology](#) solutions to help labs and healthcare systems migrate from glass microscopes to digital imaging. This week, Slideless celebrates its first anniversary - **what a year!**

- Over 80 detailed face-to-face [Customer Discovery Encounters](#) with anatomic pathologists and department chairs, lab managers and healthcare administrators, imaging vendors and integrators in North America, Europe and Asia.
- Eight on-site product demos - “technical Grand Rounds” - at leading healthcare systems, to collaborate on research automation, technology adoption, and productivity metrics.
- Two customers for Slideless’ Digital Pathology Management System (DPMS). Winning the [TiE20 Early Stage Startup Award](#) has generated additional leads from prospective customers and integrators.

In 2018, Slideless will deliver more DPMS-based [Digital Pathology solutions](#):

- [CASEFLOW](#) - turnkey Tumor Board solution - the most-requested DPMS application.
- [TELEPATH](#) - satellite lab consults and second opinions made simple.
- [COLAB](#) - remote anatomic pathologist workstation - read slides anywhere, anytime.
- [PATHPACS](#) - Picture Archiving and Communications System for pathology.

Slideless’ professional services provide vendor-neutral [Digital Pathology consulting expertise](#):

- [Requirements Discovery](#) - helping labs move from digital-curious to digital purchasing.
- [Informatics Architecture](#) - pathology imaging, integration, and orchestration made simple.
- [Digital Pathology Training](#) - medical education solution for next-generation pathology.
- [Custom Imaging Solutions](#) - innovative configurations for innovative labs.

Slideless’ [Digital Pathology solutions](#) streamline the adoption of telepathology, real-time collaboration, and computer-aided diagnostics, so Pathologists can get the most out of their existing investments in slide scanners, storage, and enterprise IT infrastructure.

More info at [www.slideless.co](http://www.slideless.co), along with [previous newsletters](#) and our [free DPMS demo](#).

Cheers,

Bob, Chris, David, Jeff, and Josh
